

**Homer Community Schools
Device Acceptable Use Policies and Procedures
2017-2018**

At Homer Community Schools we are working diligently to improve the quality and access of technology tools and resources for our students. Essential to this effort is a strong partnership with our school board and various school community agencies to rethink and transform teaching and learning.

We are making an investment in our infrastructure, our equipment, and our delivery of services to better serve our staff, students, and parent populations. Homer Community Schools is expanding educational opportunities for teachers and students that will help ensure equitable access to instructional tools and resources in school and at home. We hope that students will develop and implement important life skills like critical thinking, information literacy and problem-solving through the use of devices, content-focused curriculum, and collaborative technology tools. The lessons learned, and the insights gained through this collaborative effort will provide an effective and feasible blueprint for future implementations throughout the rest of the Homer Community School District.

The policies, procedures, and information within this document apply to all devices used at Homer Community School and at home, including but not limited to PCs, Chromebooks, MacBooks, iPads, or any other device considered by the Administration to come under this policy. Teachers may set additional requirements at their discretion for use in their classroom.

“Maximizing Student Potential and Transforming Teaching and Learning”

Device Check out

1.1 Receiving Your Device:

Devices will be distributed each fall. Parents & students must attend a technology orientation meeting, parent and student must sign required documents and pay the non-refundable checkout fee before the device can be issued. The checkout fee protects the device investment for the school district.

1.2 Device Check-in:

All devices will be checked in at the end of the school year and returned in the fall.

If a student transfers out of the Homer Community School District during the school year, the device must be returned before checking out. Records will not be forwarded to other schools until the device has been returned and checked for damage by our IT department personnel.

1.3 Fees for Missing or Damaged Device:

- Devices and accessories must be returned to Homer Community Schools at the end of each school year. Students who withdraw or are suspended or expelled, or otherwise terminate their enrollment at Homer Community Schools for any other reason must return their school device(s) on the date of termination. If a student fails to return the device(s) and all of the accessories (cases, cords, etc.) at the end of the school year or upon termination of enrollment at Homer Community School, the family is subject to financial liability until the device is returned, or the associated fees are received in full. For example, if the device is not turned in immediately upon the student leaving the district, the family will pay the current market value replacement cost (\$450.00 to \$500.00) for the device. Failure to return the device within five working days after withdrawal from Homer Community Schools will result in a theft report being filed with the Dakota County Sheriff's Department. Furthermore, the student will be charged for any needed repairs, not to exceed the replacement cost of the device.
- Students that are serving long-term suspensions (over five days in length) will work out the details of using the device during the suspension with administration before the suspension begins. This will be done on a "case by case" basis.

2. Taking Care of Your Device

Students are responsible for the general care of the device the school has issued them. Devices that are broken or fail to work properly must be immediately taken to the IT department for an evaluation of the equipment.

2.1 General Precautions:

- The device is school property, and all users will follow this policy and the Homer Community Schools Acceptable Use policy for technology.
- Cords and cables must be inserted and disconnected carefully to prevent damage to the device.
- Devices must never be left in an unlocked locker, car, or any unsupervised area.
- Students are responsible for keeping their device's battery charged for school each day.
- Students may not use "skins" or stickers to personalize their device case.
- Only use a clean, soft cloth to clean the screen; no cleaners of any type should be used on the device or the screen (**Never spray water or any liquid directly on the screen**).

2.2 Carrying Devices:

- The protective cases provided with the devices are designed to protect the device from normal wear and tear.
- Devices should always be contained within the protective case and should be securely closed when carried.
- Do not put anything in the device bag other than the power cord and device.

2.3 Screen Care:

- The device screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure.
 - Do not lean on the top of the device when it is closed.
 - Do not put books on top of the device when the lid is closed.
 - Do not place anything near the device that could put pressure on the device.
 - Do not place anything in between the screen and the keyboard and then close the lid.
 - Clean the screen with a soft, dry cloth.
 - Do not put your device in a book bag.
 - Do not carry the device by the screen.
- Close the lid when carrying the device.
- Do not “bump” the device against lockers, walls, car doors, floors, etc. as it will eventually break the screen.

3. Using your Device at School

Devices are intended for “learning” purposes for use at school each day. In addition to teacher expectations for device use, school messages, announcements, calendars, and schedules may be accessed using the device. Students must be responsible for bringing their device to all classes.

3.1 Devices Left at Home:

- If students leave their device at home, they are responsible for getting the coursework completed as if they had their device present. Repeat violations will result in disciplinary action as outlined in the Student Code of Conduct.
- Remember that the device is checked out only to you **and use of the device by other family members or friends is not allowed**. Students are responsible for damage to the devices incurred by friends or family members.

3.2 Device Undergoing Repair:

Loaner devices may be issued to students when they leave their devices for repair with the IT department. There may be a delay in getting a device to a student should the school not have enough extra devices to loan.

3.3 Charging Your Device's Battery:

Devices must be brought to school each day in a “fully charged” condition.

3.4 Background Photos:

- Any media deemed inappropriate by staff may not be used as a background photo.
- Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang related symbols or pictures are prohibited and will result in actions as detailed in the Student Code of Conduct.

3.5 Sound:

- The sound must be muted at all times at school unless permission is obtained from the teacher for instructional purposes.
- Students are responsible for carrying earphones or earbuds at all times supplied by students.
- Only apps approved by Homer Community School will be allowed on the devices
- Space is limited on the device. When saving items, students should use **Cloud Storage**.

3.6 Printing:

- Printing from the device will not be allowed at school.
- Students are responsible for configuring their home printer themselves.

3.7 Home Internet Access:

- Students are allowed to connect to wireless networks outside of school on their devices. This will assist them with device use while at home. The policies outlined in this document are also applicable to home use of a Homer Community School District provided device. Any violation of the policy will result in consequences determined by administration or his/her designee.
- Students experiencing Internet issues at home should contact their Internet Service Provider (ISP) for support.
- There is wireless availability in the school parking after school hours.
- When students access the Internet from any place other than home their device is still filtered and monitored through the school filtering system.
- Devices can be used offline and do not require an Internet connection to work. Students must save their work to their device to work offline.

4. Managing and Saving your Files

4.1 Saving to the Device/Cloud:

Students should save work to the Cloud from their device. Students may also save their work to an external flash drive. Limited storage space will be available on the device – **it will NOT be backed up**. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. **Device malfunctions are not an acceptable excuse for not submitting work.**

4.2 Network Connectivity:

- It is a violation of the Internet Safety and Acceptable Use policies to use applications that bypass Homer Community School District proxies and filtering. Repeat violations will result in disciplinary action as detailed in the Student Code of Conduct. **All searches at home and school will be monitored.**

5. Acceptable Use

The use of district technology resources is a privilege, not a right. The privilege of using the technology resources provided by the Homer Community School District is not transferable or extendable by students to people or groups outside the district and terminates when a student is no longer enrolled in the Homer Community Schools District. This policy is provided to make all users aware of the responsibilities associated with the efficient, ethical and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and the appropriate disciplinary action shall be applied. The Student Code of Conduct shall be applied to student infractions. Violations may result in disciplinary action up to and including suspension/expulsion for students. When applicable, law enforcement agencies may be involved.

5.1 Parent/Guardian Responsibilities:

- Talk to your children about values and the standards that should be followed on the use of the Internet just as you do on the use of all media information sources such as television, telephones, movies, and radio.
- During registration, technology orientation night, parent training or other scheduled times you will be required to receive necessary information regarding the device initiative and sign the Acceptable Use Policy and Permission/Acknowledgement forms.
- Should you want your student to opt out of taking a device home, your student will be assigned a device to be checked out and returned at the end of each school day. Your student is still responsible for meeting course requirements and completing class assignments and is responsible for any damage to the device.

5.2 School Responsibilities:

As a school we will:

- Provide internet access at school.
- Provide a device/E-mail account to all students.
- Provide internet blocking of inappropriate materials to the extent possible.
- Provide staff guidance to aid students in doing research, complete academically related activities and help ensure student compliance with the Acceptable Use policy.

5.3 Student Responsibilities:

As a student I will:

- Read, understand, and follow the Homer Community Schools District Acceptable Use Policy for technology and other school-related policies. A link for the Acceptable Use Policy is located at www.homerknights.org.
- Use computers and other electronic devices responsibly and ethically.
- Obey general school rules concerning behavior and communication that applies to device and computer usage.
- Utilize technology resources in an appropriate manner that does not result in the informational damage of school equipment. This “damage” includes, but is not limited to, the loss of data resulting from delays, non-deliveries, mis-deliveries or service interruptions caused by the student’s negligence, errors or omissions. Use of any information obtained via the Homer Community School District’s

designated Internet System is at your own risk. The Homer Community Schools District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

- Report any physical damage to the devices immediately to school staff.
- Secure devices against theft or loss.
- Help our district protect our computer system/device by contacting an administrator about any security problems I may encounter.
- Monitor all activity on my account(s).
- Turn off the device and secure my device after I am done working to protect my work and information. I understand that securing the device includes storing the device “out of sight” and in a restricted access location.
- Tell school personnel immediately if I receive email, messages or other electronic communication containing inappropriate or abusive language or if the subject matter is questionable.
- Not plagiarize information, other documents, or creative works that I find on the internet. I understand that plagiarism is taking the ideas or writings of others and presenting them as if they were yours.
- Respect the rights of copyright owners and give proper credit to sources as needed.
- Return my device in good working order to school staff at the end of each school year or other dates for turn in. I understand that students who withdraw from school, transfer out of the district, are suspended or expelled, or terminate enrollment from the district for any other reason must return their Device and accessories on the date of termination or withdrawal.

5.4 Student Activities which are Strictly Prohibited:

- Illegal installation or transmission of copyrighted materials.
- Any action that violates existing or future Homer Community Schools Board policy or public law.
- Sending, accessing, uploading, downloading, or distributing offensive, profane, threatening, pornographic, obscene or sexually explicit materials.
- Use of chat rooms or sites selling term papers, book reports and other forms of student work.
- Use of internet/computer games when class is in session without teacher permission.
- Changing of device settings (exceptions include personal settings such as font size, brightness, etc.).
- Spamming - Sending mass or inappropriate emails.
- Gaining access to other student's accounts, files, and data.
- Use of the school's internet/E-mail accounts for financial or commercial gain or any illegal activity.
- Use of anonymous and false communications to mislead, harm, bully or harass another person is strictly prohibited.
- Students are not allowed to give out personal information, for any reason, over the internet. This includes, but is not limited to, setting up internet accounts including those necessary for chat rooms.
- Participation in credit card fraud, electronic forgery or other forms of illegal behavior.
- Vandalism (any malicious attempt to harm or destroy hardware, software or data, including, but not limited to, the uploading or creation of computer viruses or computer programs that can infiltrate computer systems and damage software components) of school equipment will not be allowed.
- Transmission or accessing materials that are obscene, offensive, threatening or otherwise intended to harass or demean recipients.
- Bypassing the district web filter through a web proxy, phone tethering, or any other means.
- Bullying as defined in our Board Policy and the Student Code of Conduct will not be tolerated.

5.5 Device Care:

- Students may be selected at random to provide their device for inspection. If a student's device is requested for an inspection, passwords to unlock the device must be immediately provided. Homer Community Schools staff reserve the right to confiscate the device for any reason at any time if inappropriate materials are found on the device.
- During the school year, Homer Community School District staff may conduct "Device Health Days." These "Health Days" will be random throughout the year and are intended to stay current with the conditions of each student's device. During the "Health Days," staff will inspect the device for damage and immediately report the damage to school technology staff. Students will be held responsible for maintaining their devices and keeping them in good working order.
- Device batteries must be charged and ready for school each day.
- No labels or stickers may be applied to the device.
- Device cases furnished by Homer Community Schools District must be returned with only normal wear and no alterations to avoid paying market value case replacement fee of approximately \$45.00.
- Devices that malfunction or are damaged must be reported to a teacher, administrator or district technology personnel immediately.
- **Do not take the device to another agency or person for repair.**
- Devices that have been damaged by student misuse, neglect or are accidentally damaged will be repaired. Students and their families are responsible for damage incurred while the device is checked out to the student if it is not accidental.
- Devices deemed stolen will be reported immediately to the Dakota County Sheriff's Department or State Patrol, and school staff.

5.6 Legal Propriety:

- Students must comply with trademark and copyright laws and all license agreements. Ignorance of the law is not immunity. If you are unsure, ask a teacher, IT personnel or parent.
- Plagiarism is a violation of our Student Code of Conduct. Give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet, such as graphics, movies, music, and text.
- Use or possession of hacking software is strictly prohibited, and violators are subject to discipline as referred to any applicable school or board policy. Violation of applicable state or federal law will result in criminal prosecution and or disciplinary action by the district.

5.7 Student Conduct and Discipline:

If a student violates any part of the above policy, he/she may face disciplinary action up to and including, restricted device usage, detention, school suspension or school expulsion.

6. Protecting and Storing your Device

6.1 Device Identification:

Our technology staff has unique ways to identify each device. These identifiers are to remain intact and not be tampered with.

6.2 Storing your Device:

- When students are not using their devices, they should be stored in their lockers or in a place designated safe by school staff. Nothing should be placed on top of the device when stored in the locker.
- Students are encouraged to take their devices home every day for charging after school.
- Devices **should not be stored in a vehicle at school or at home.**

6.3 Devices Left in Unsupervised Areas:

Under no circumstance should devices be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the commons area, computer lab, locker rooms, library, unlocked classrooms, dressing rooms, gym areas, and hallways. Any device left in these areas is in danger of being stolen. If a device is found in an unsupervised area, it should be immediately taken to the high school office.

Multiple offenses of a device being left unattended will result in disciplinary action as detailed in the Student Code of Conduct.

7. Repairing or Replacing Your Device

7.1 Claims:

All repair/replacement claims must be immediately reported to IT department. **In the event of theft, a police report using the Serial Number and Homer Community School identification number must be filed by the student, and a copy of the report is to be taken to the Principal's office immediately.** This must happen before a device can be repaired or replaced.

7.2 Student / Family Responsibility:

- Students and their families are responsible for the fees associated with any repairs or replacements necessary if the device was not damaged by accident.
- If a device is damaged, the student will pay the current market value cost (\$450.00 - \$500.00) to repair the device. The checkout fee of \$25.00 does not cover repair and replacement costs. If the student's fee were waived, full repair costs would be incurred. Students may be issued a temporary device to use in class while their assigned device is repaired.
- If a device is lost, the student will owe the current market value for the replacement of the Device (even if the initial fee was waived). If the device is stolen and there is verifiable proof of theft, the student will not owe the replacement cost of the device to Homer Community Schools District. Students may be assigned a loaner or replacement device the first time a device is lost or stolen. If students lose their assigned device a second time, they will lose the privilege of taking the device home.
- If a device is reported stolen on Homer Community Schools's (HCS) property or "off campus," it is the responsibility of the student and their family to report the device stolen to Dakota County Sheriff's office and high school administrative staff as soon as possible.
- To file a police report, you will need the device's serial number and Homer Community Schools's identification number which are kept on file in the school office.

- For all theft claims, the student/family is required to provide a copy of the police report to the administrative staff at Homer Community Schools. The police report and the specific details of the theft will determine the financial responsibilities of replacing the device.
- If there is no proof that a theft occurred, the loss will not be covered by Homer Community Schools. As an example, this type of loss occurs when a device goes missing or is accidentally left somewhere, but there is no proof the device was stolen. In this situation, the student/family is responsible for the current market replacement cost of a new device.
- Until a police report is filed, and a copy is provided to Homer Community Schools, all thefts will be considered not covered.

Here are the specific steps to follow if your Device is stolen:

1. Report the device stolen to the School IT department or administration and the student and school personnel will contact the Dakota County Sheriff's Department to file a report – report must include a serial number and asset tag.
2. Provide a copy of the filed police report to an administrator at Homer Community Schools.
3. If there is verifiable proof of theft, Homer Community Schools will pay for the replacement cost of the device.

Homer Community School
"Student Pledge" for Device Use

1. I will take care of my device as identified in the "Homer Community Schools Device Acceptable Use Policies and Procedures" document.
2. I understand that I should never leave my device unattended.
3. If my device is damaged, lost or stolen, I understand that I may have to pay the associated fees.
4. I understand I am not allowed to take my device to any school activities away or home.
5. I will be responsible for all fees due to damage or loss caused by neglect or abuse.
6. I understand the device is my responsibility and I will not loan it to other individuals or allow others to login into my device.
7. I will be prepared and bring a charged device to class daily.
8. I will keep food and beverages away from my device.
9. I will not disassemble any part of my device or attempt any external repairs or internal modifications.
10. I will protect my device by only carrying it in the case provided.
11. I will use my device in ways that are responsible, safe, appropriate, and educational.
12. I will not deface the Homer Community Schools device identifiers on my device or case by placing decorations (such as stickers, markers, etc.) on the device or case. I understand that I will be required to remove such decorations and possibly pay appropriate fees for damage done to the device by such decorations.
13. I understand that my device is subject to inspection at any time, without notice and remains the property of the Homer Community Schools District.
14. I will follow the policies of the "Homer Community Schools Device Acceptable Use Policies and Procedures" document while at school and outside the school.
15. I understand that inappropriate content found on the device is subject to disciplinary action.
16. I understand I may need to file a police report in cases of theft or vandalism.
17. I agree to return the device, case, power cord and any other accessories in good working condition or pay the appropriate fee.

I understand that this is a school owned device intended for educational purposes. I agree to the expectations stated in this document:
